

# MSIX & PSF, revolutionize Windows 10 app deployment

Bogdan Mitrache

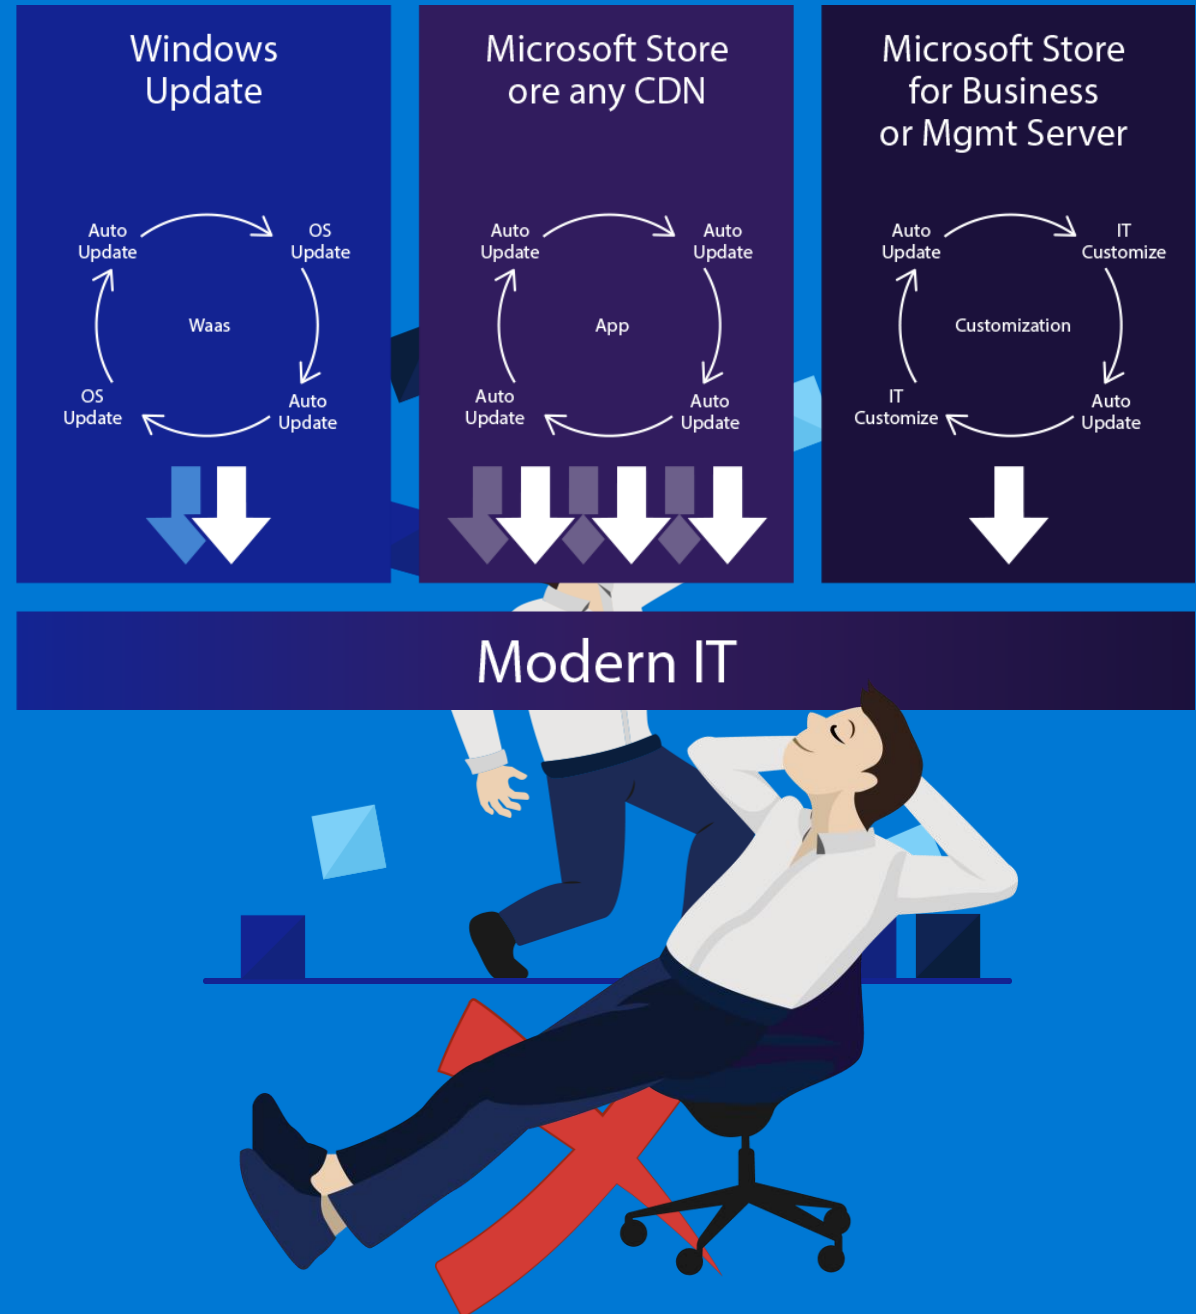

## Advanced Installer Express

- Interactive Windows desktop application conversion
- Project system to enable updates after conversion
- Integrated into Visual Studio (2015 and 2017)
- Import existing .appx to enable better maintenance

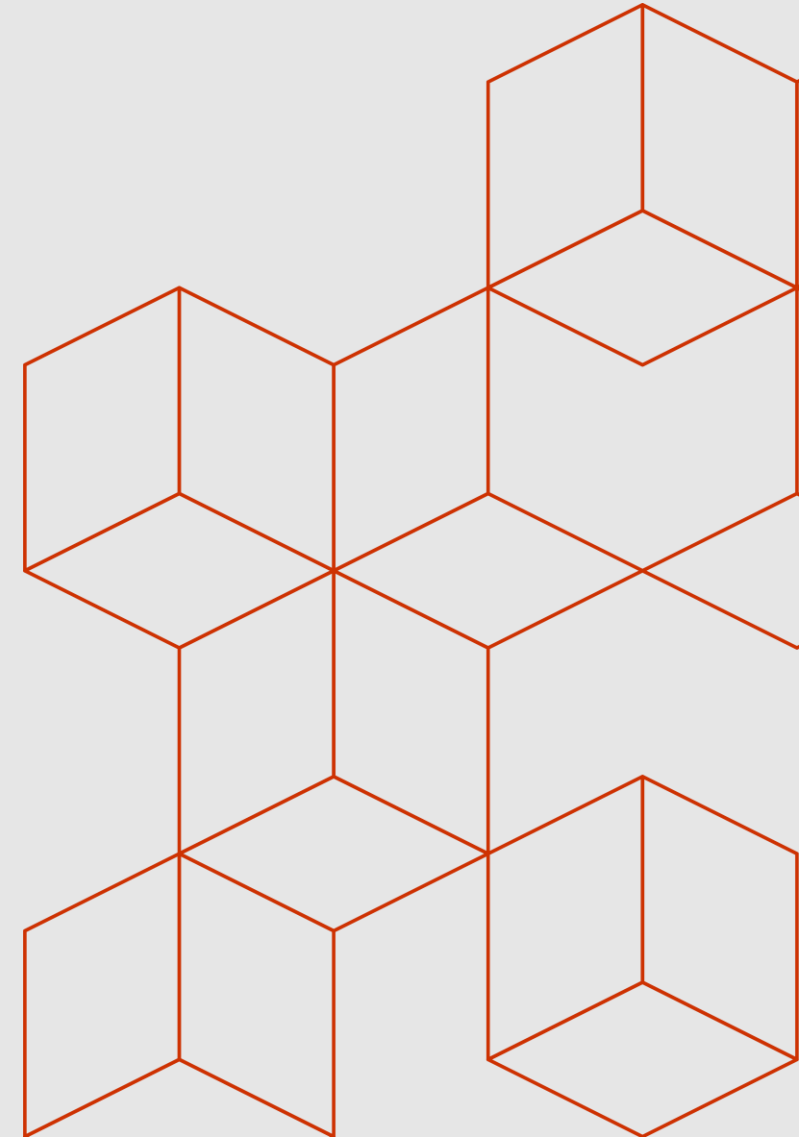

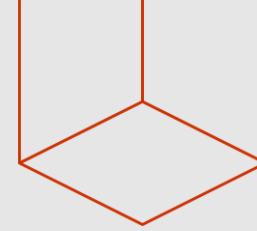

# Modification Packages

- Minimized packaging operations
- Standalone MSIX package
- Versioned customizations
- Run-time VFS merging

# Modification Package Demo

Bogdan Mitrache

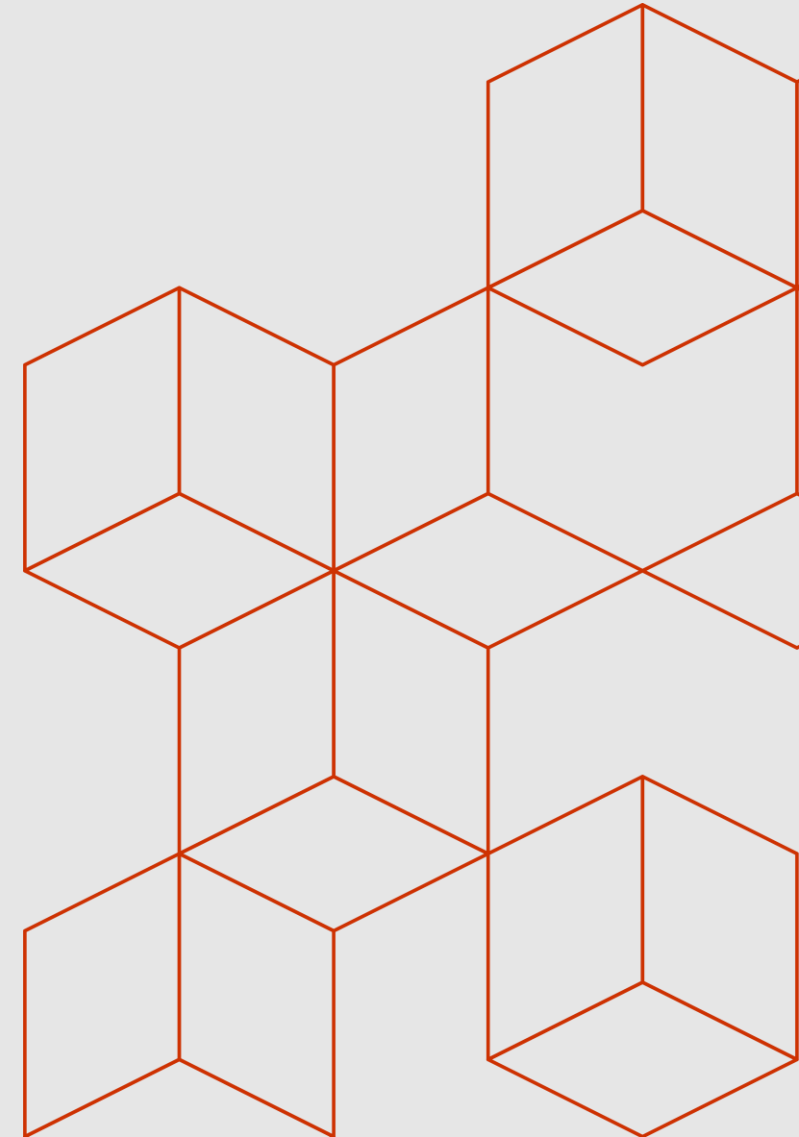

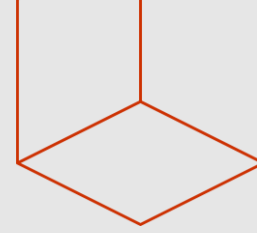

# Package Support Framework (PSF)

- Modernize without changing code
- Help follow Windows 10 best practices
- Open source on GitHub
- Built-in support in Advanced Installer
- One-click fixups integration

# PSF Demo

Bogdan Mitrache
